

TRI UPDATE

CUMULATIVE INDEX

**Volume 1 - 5
1996 - 2000**

**The Tea Research Institute of Sri Lanka
Talawakelle**

2000

	Year	Vol	Number	Page
Identification of Magnesium deficiency symptoms: Leaf analysis as a guide in tea crop nutrition. (Hettiarachchi, L.S.K.)	1997	2	1	4
Mycorrhiza and tea. (Balasuriya, A.)	1996	1	3	3
Particle size of dolomitic limestone. (Hettiarachchi, L.S.K.)	1996	1	2	3
An alternative source of mulch for tea lands				
<i>Flemingia congesta</i> . (Prematilake, K.G.)	1996	1	2	3
Recycling of prunings. (Anandacoomaraswamy, A.)	1996	1	1	2
A new cover crop. (Ekanayake, P.B.)	1996	1	1	2
Statistics				
Tea industry review: 1996. (Sivaram, B.)	1997	2	2	6
Tea statistics - Changing trends in VP and seedling tea. (Jayakody, Asoka)	1996	1	2	4
Tea census-1994. (Jayakody, Asoka)	1996	1	1	4
Weeds				
Some thoughts on Glyphosate use. (Prematilake, K.G.)	1999	4	1	5
Bankrupt your estate seed bank. (Prematilake, K.G.)	1997	2	2	2
Weed competition threshold. (Prematilake, K.G.)	1997	2	2	4
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations. (Ranamukhaarachchi, S.L.)	1997	2	2	5
Biological control of Cooch grass. (Ekanayake, P.B.)	1996	1	3	2
An alternative source of mulch for tea lands				
<i>Flemingia congesta</i> . (Prematilake, K.G.)	1996	1	2	3
A new cover crop. (Ekanayake, P.B.)	1996	1	1	2

TRI UPDATE - AUTHOR INDEX (1996 - 2000)

	Year	Vol	Number	Page
Abeyasinghe, I.S.B.				
Role of polyphenols in the tea plant	2000	5	2	1
Amarakoon, A.M.T				
Tea drinking and oral health: Effect of black tea on oral <i>Candida albicans</i> isolates.	2000	5	1	3
Anandacoomaraswamy, A.				
Starch reserves and pruning of tea.	2000	5	1	5
Drought management.	1997	2	1	1
Root starch and recovery from pruning.	1997	2	1	2
Recycling of prunings.	1996	1	1	2
Balasuriya, A.				
What causes shoot die back in clone K 145	2000	5	2	2
Potential loss in yield due to hypoxylon wood rot	2000	5	2	3
Resistance of tea clones to blister blight.	1998	3	1	1
Why ring bark shade trees?	1997	2	2	2
Wood rots. Thorny stem blight or hypoxylon?	1997	2	1	2
Mycorrhiza and tea.	1996	1	3	3
Blister blight-be alert.	1996	1	2	1
Balasuriya, Janakie				
Fuel wood trees for tea plantations.	1996	1	2	1
Bandara, N.P.S.N.				
Drip irrigation in tea lands.	2000	5	1	2
De Alwis, M.				
Mechanical pruning.	1997	2	1	1

	Year	Vol	Number	Page
De Silva, M.S.D.Luxmei				
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations.	1997	2	2	5
Ekanayake, P.B.				
Biological control of Cooch grass.	1996	1	3	2
Hedge rows for machines.	1996	1	1	1
A new cover crop.	1996	1	1	2
Fernando, W.M.U.				
Development and application of an isozyme technique for the identification of tea clones.	1999	4	1	2
Ganewatta, G.				
Rehabilitation Vs. direct planting with SALT - A case study.	1998	3	1	3
Bag plants <i>vis-a-vis</i> bed plants - An economic overview.	1997	2	2	1
Gunaratne, G.P.				
Identification of Magnesium deficiency symptoms: Leaf analysis as a guide in tea crop nutrition.	1997	2	1	4
Gunasekare, C.				
Preliminary observations on the use of refuse tea on tea lands.	1999	4	1	4
Gunasekara, M.T.K.				
Conservation of tea genetic resources.	2000	5	1	1
Hettiarachchi, L.S.K.				
Identification of Magnesium deficiency symptoms: Leaf analysis as a guide in tea crop nutrition.	1997	2	1	4
Particle size of dolomitic limestone.	1996	1	2	3

	Year	Vol	Number	Page
Jayakody, Asoka				
Geographic information system(s) (GIS) for land use planning in tea estates.	1996	1	3	3
Tea statistics - Changing trends in VP and seedling tea.	1996	1	2	4
Tea census-1994.	1996	1	1	4
Jayasundare, Jayanthi				
Role of polyphenols in the tea plant.	2000	5	2	1
Environmental implications of pesticide use and their residues in tea.	2000	5	1	5
Jayawardane, G.				
Rehabilitation Vs. direct planting with salt - A case study.	1998	3	1	3
Kathiravetpillai, A.				
Cleft grafting.	1997	2	1	3
Performance of clone TRI 2023 in the Uva.	1996	1	3	2
Resting of tea fields.	1996	1	2	4
Role of Dadaps.	1996	1	1	3
Liyanage, A.C.				
Development and application of an isozyme technique for the identification of tea clones.	1999	4	1	2
Marambe, B.				
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations.	1997	2	2	5
Mohamed, M.T.Ziyad				
Some notes on ECP and FBD drying	2000	5	2	2
Tempest drier.	1996	1	3	4

	Year	Vol	Number	Page
Nissanka, S.P.				
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations.	1997	2	2	5
Pallemulla, R.M.D.T.				
Potential loss in yield due to hypoxylon wood rot	2000	5	2	3
Resistance of tea clones to blister blight.	1998	3	1	1
Panagoda, G.J.				
Tea drinking and oral health: Effect of black tea on oral <i>Candida albicans</i> isolates.	2000	5	1	3
Perera, B.				
A point to ponder. (pruning in old days)	1999	4	1	4
A point to ponder. (pinus and environment)	1998	3	1	4
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations.	1997	2	2	5
Prematilake, K.G.				
Some thoughts on Glyphosate use.	1999	4	1	5
Bankrupt your estate seed bank.	1997	2	2	2
Weed competition threshold.	1997	2	2	4
An alternative source of mulch for tea lands, <i>Flemingia congesta</i> .	1996	1	2	3
Prematunge, P.				
Preliminary observations on the use of refuse tea on tea lands.	1999	4	1	4
Punyasiri, Nimal				
Role of polyphenols in the tea plant	2000	5	2	1
Environmental implications of pesticide use and their residues in tea.	2000	5	1	5

	Year	Vol	Number	Page
Rajapakse, R.M.S.S.				
Earthworm casts: A natural fertilizer.	1998	3	1	2
Rajasinghe, J.C.K.				
Is this the tip of an iceberg. A cautionary note for Low-country tea growers.	1999	4	1	1
Rajasinghe, J.				
Bag plants vis-a-vis bed plants - An economic overview.	1997	2	2	1
Ranamukhaarachchi, S.L.				
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations.	1997	2	2	5
Ratnayake, R.M.A.				
Potential loss in yield due to hypoxylon wood rot	2000	5	2	3
Resistance of tea clones to blister blight.	1998	3	1	1
Senanayaka, M.R.D.M.				
Tea drinking and oral health: Effect of black tea on oral <i>Candida albicans</i> isolates.	2000	5	1	3
Shanmugarajah, V.				
Clones of TRI 3000 and 4000 series.	1996	1	3	1
Singh, I.D.				
Conservation of tea genetic resources.	2000	5	1	1
Sivaram, B.				
Tea industry review: 1996.	1997	2	2	6

	Year	Vol	Number	Page
Vitarana, Sushila I.				
Bad news. Pink mite in Sri Lanka.	2000	5	1	3
Clones of TRI 3000 and 4000 series.	1996	1	3	1
Killer ant in Deniyaya.	1996	1	1	3
Weerasuriya, A.				
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations.	1997	2	2	5
Wijeratne, M.A.				
Drip irrigation in tea lands.	2000	5	1	2
Recent observations on mechanical harvesting.	1999	4	1	3
Preliminary observations on the use of refuse tea on tea lands.	1999	4	1	4
Management of rush crop.	1998	3	1	1
Can the global warming affect our tea industry.	1997	2	2	3
TRI-Shear: A new shear harvester.	1997	2	1	1
Plucking strategies.	1996	1	1	1
Wimaladasa, G.D.				
Mycorrhiza and tea.	1996	1	3	3
Particle size of dolomitic limestone.	1996	1	2	3
Yatawatta, S.T.				
Earthworm casts: A natural fertilizer.	1998	3	1	2
Udagama, U.R.N.				
Tea drinking and oral health: Effect of black tea on oral <i>Candida albicans</i> isolates.	2000	5	1	3

TRI UPDATE - SUBJECT INDEX (1996 - 2000)

	Year	Vol	Number	Page
Biological Control				
Biological control of Cooch grass. (Ekanayake, P.B.)	1996	1	3	2
Biotechnology				
Development and application of an isozyme technique for the identification of tea clones. (Liyanage, A.C.)	1999	4	1	2
Blister blight				
Role of polyphenols in the tea plant. (Punyasiri, N.)	2000	5	2	1
Resistance of tea clones to blister blight. (Pallemulla, R.M.D.T.)	1998	3	1	1
Clones of TRI 3000 and 4000 series. (Shanmugarajah, V.)	1996	1	3	1
Blister blight-be alert. (Balasuriya, A.)	1996	1	2	1
Breeding				
Conservation of tea genetic resources. (Singh, I.D.)	2000	5	1	1
Development and application of an isozyme technique for the identification of tea clones. (Liyanage, A.C.)	1999	4	1	2
Clones				
What causes shoot die back in clone K 145. (Balasuriya, A.)	2000	5	2	2
Potential loss in yield due to hypoxylon wood rot. (Balasuriya, A.)	2000	5	2	3
Is this the tip of an iceberg. A cautionary note for Low-country tea growers. (Rajasinghe, J.C.K.)	1999	4	1	1
Development and application of an isozyme technique for the identification of tea clones. (Liyanage, A.C.)	1999	4	1	2
Resistance of tea clones to blister blight. (Pallemulla, R.M.D.T.)	1998	3	1	1
Wood rots. Thorny stem blight or hypoxylon? (Balasuriya, A.)	1997	2	1	2
Cleft grafting. (Kathiravetpillai, A.)	1997	2	1	3
Clones of TRI 3000 and 4000 series. (Shanmugarajah, V.)	1996	1	3	1

	Year	Vol	Number	Page
Performance of clone TRI 2023 in the Uva. (Kathiravetpillai, A.)	1996	1	3	2
Mycorrhiza and tea. (Balasuriya, A.)	1996	1	3	3
Tea statistics - Changing trends in VP and seedling tea. (Jayakody, Asoka)	1996	1	2	4

Cultural Practices

What causes shoot die back in clone K 145. (Balasuriya, A.)	2000	5	2	2
Potential loss in yield due to hypoxylon wood rot. (Balasuriya, A.)	2000	5	2	3
Drip irrigation in tea lands. (Wijeratne, M.A.)	2000	5	1	2
Bad news. Pink mite in Sri Lanka. (Vitarana, Sushila I.)	2000	5	1	3
Starch reserves and pruning of tea. (Anandacoomaraswamy, A.)	2000	5	1	5
Is this the tip of an iceberg. A cautionary note for Low- country tea growers. (Rajasinghe, J.C.K.)	1999	4	1	1
Recent observations on mechanical harvesting. (Wijeratne, M.A.)	1999	4	1	3
A point to ponder. (pruning in old days) (Perera, B.)	1999	4	1	4
Some thoughts on Glyphosate use. (Prematilake, K.G.)	1999	4	1	5
Management of rush crop. (Wijeratne, M.A.)	1998	3	1	1
Earthworm casts: A natural fertilizer. (Rajapakse, R.M.S.S.)	1998	3	1	2
Rehabilitation Vs. direct planting with salt - A case study. (Ganewatta, G.)	1998	3	1	3
Management of rush crop. (Wijeratne, M.A.)	1998	3	1	1
Bankrupt your estate seed bank. (Prematilake, K.G.)	1997	2	2	2
Weed competition threshold. (Prematilake, K.G.)	1997	2	2	4
Problem of <i>Anredera basseloids</i> and <i>Talinum paniculatum</i> in tea plantations. (Ranamukhaarachchi, S.L.)	1997	2	2	5
Drought management. (Anandacoomaraswamy, A.)	1997	2	1	1
Mechanical pruning. (De Alwis, M.)	1997	2	1	1
Root starch and recovery from pruning. (Anandacoomaraswamy, A.)	1997	2	1	2
Biological control of Cooch grass. (Ekanayake, P.B.)	1996	1	3	2
An alternative source of mulch for tea lands <i>Flemingia congesta</i> . (Prematilake, K.G.)	1996	1	2	3
Resting of tea fields. (Kathiravetpillai, A.)	1996	1	2	4
Plucking strategies. (Wijeratne, M.A.)	1996	1	1	1
Hedge rows for machines. (Ekanayake, P.B.)	1996	1	1	1

	Year	Vol	Number	Page
A new cover crop. (Ekanayake, P.B.)	1996	1	1	2
Recycling of prunings. (Anandacoomaraswamy, A.)	1996	1	1	2
Role of Dadaps. (Kathiravetpillai, A.)	1996	1	1	3
Killer ant in Deniyaya. (Vitarana, Sushila I.)	1996	1	1	3
Deficiency				
Identification of Magnesium deficiency symptoms: Leaf analysis as a guide in tea crop nutrition. (Hettiarachchi, L.S.K.)	1997	2	1	4
Diseases				
Role of polyphenols in the tea plant. (Punyasiri, N.)	2000	5	2	1
What causes shoot die back in clone K 145. (Balasuriya, A.)	2000	5	2	2
Potential loss in yield due to hypoxylon wood rot. (Balasuriya, A.)	2000	5	2	3
Resistance of tea clones to blister blight. (Pallemulla, R.M.D.T.)	1998	3	1	1
Why ring bark shade trees? (Balasuriya, A.)	1997	2	2	2
Wood rots. Thorny stem blight or hypoxylon? (Balasuriya, A.)	1997	2	1	2
Clones of TRI 3000 and 4000 series. (Shanmugarajah, V.)	1996	1	3	1
Blister blight-be alert. (Balasuriya, A.)	1996	1	2	1
Drought				
Drip irrigation in tea lands. (Wijeratne, M.A.)	2000	5	1	2
Drought management. (Anandacoomaraswamy, A.)	1997	2	1	1
Performance of clone TRI 2023 in the Uva. (Kathiravetpillai, A.)	1996	1	3	2
Environment				
Role of polyphenols in the tea plant. (Punyasiri, N.)	2000	5	2	1
Environmental implications of pesticide use and their residues in tea. (Punyasiri, N.)	2000	5	1	5
A point to ponder. (pinus and environment) (Percera, B.)	1998	3	1	4
Can the global warming affect our tea industry. (Wijeratne, M.A.)	1997	2	2	3
Fertiliser, Fertility				
Drip irrigation in tea lands. (Wijeratne, M.A.)	2000	5	1	2
Preliminary observations on the use of refuse tea on tea lands. (Wijeratne, M.A.)	1999	4	1	4

	Year	Vol	Number	Page
Earthworm casts: A natural fertilizer. (Rajapakse, R.M.S.S.)	1998	3	1	2
Identification of Magnesium deficiency symptoms: Leaf analysis as a guide in tea crop nutrition. (Hettiarachchi, L.S.K.)	1997	2	1	4
Mycorrhiza and tea. (Balasuriya, A.)	1996	1	3	3
Particle size of dolomitic limestone. (Hettiarachchi, L.S.K.)	1996	1	2	3
An alternative source of mulch for tea lands <i>Flemingia congesta</i> . (Prematilake, K.G.)	1996	1	2	3
A new cover crop. (Ekanayake, P.B.)	1996	1	1	2
Recycling of prunings. (Anandacoomaraswamy, A.)	1996	1	1	2
Role of Dadaps. (Kathiravetpillai, A.)	1996	1	1	3
Grafting				
Cleft grafting. (Kathiravetpillai, A.)	1997	2	1	3
Harvesting				
What causes shoot die back in clone K 145. (Balasuriya, A.)	2000	5	2	2
Recent observations on mechanical harvesting. (Wijeratne, M.A.)	1999	4	1	3
Management of rush crop. (Wijeratne, M.A.)	1998	3	1	1
TRI-Shear: A new shear harvester. (Wijeratne, M.A.)	1997	2	1	1
Hedge rows for machines. (Ekanayake, P.B.)	1996	1	1	1
Plucking strategies. (Wijeratne, M.A.)	1996	1	1	1
Health				
Tea drinking and oral health: Effect of black tea on oral <i>Candida albicans</i> isolates.. (Udagama, U.R.N.)	2000	5	1	3
Manufacture				
Some notes on ECP and FBD drying. (Mohamed, M.T.Ziyad)	2000	5	2	2
Tempest drier. (Mohamed, M.T.Ziyad)	1996	1	3	4
Fuel wood trees for tea plantations. (Balasuriya, Janakie)	1996	1	2	1
Mechanisation				
Drip irrigation in tea lands. (Wijeratne, M.A.)	2000	5	1	2
Recent observations on mechanical harvesting. (Wijeratne, M.A.)	1999	4	1	3
Management of rush crop. (Wijeratne, M.A.)	1998	3	1	1

	Year	Vol	Number	Page
TRI-Shear: A new shear harvester. (Wijeratne, M.A.)	1997	2	1	1
Hedge rows for machines. (Ekanayake, P.B.)	1996	1	1	1
Plucking strategies. (Wijeratne, M.A.)	1996	1	1	1

Miscellaneous

Can the global warming affect our tea industry. (Wijeratne, M.A.)	1997	2	2	3
Mycorrhiza and tea. (Balasuriya, A.)	1996	1	3	3
Geographic information system(s) (GIS) for land use planning in tea estates. (Jayakody, Asoka)	1996	1	3	3
Fuel wood trees for tea plantations. (Balasuriya, Janakie)	1996	1	2	1

Nursery

Bag plants <i>vis-a-vis</i> bed plants - An economic overview. (Rajasinghe, J)	1997	2	2	1
Cleft grafting. (Kathiravetpillai, A.)	1997	2	1	3

Pests

Role of polyphenols in the tea plant. (Punyasiri, N.)	2000	5	2	1
Bad news. Pink mite in Sri Lanka. (Vitarana, Sushila I.)	2000	5	1	3
Clones of TRI 3000 and 4000 series. (Shanmugarajah, V.)	1996	1	3	1
Killer ant in Deniyaya. (Vitarana, Sushila I.)	1996	1	1	3

Pesticide Residues

Bad news. Pink mite in Sri Lanka. (Vitarana, Sushila I.)	2000	5	1	3
Environmental implications of pesticide use and their residues in tea. (Punyasiri, N.)	2000	5	1	5
Some thoughts on Glyphosate use. (Prematilake, K.G.)	1999	4	1	5

Plucking

What causes shoot die back in clone K 145. (Balasuriya, A.)	2000	5	2	2
Recent observations on mechanical harvesting. (Wijeratne, M.A.)	1999	4	1	3
Management of rush crop. (Wijeratne, M.A.)	1998	3	1	1
TRI-Shear: A new shear harvester. (Wijeratne, M.A.)	1997	2	1	1
Hedge rows for machines. (Ekanayake, P.B.)	1996	1	1	1
Plucking strategies. (Wijeratne, M.A.)	1996	1	1	1

Pruning	Year	Vol	Number	Page
Potential loss in yield due to hypoxylon wood rot. (Balasuriya, A.)	2000	5	2	3
Starch reserves and pruning of tea. (Anandacoomaraswamy, A.)	2000	5	1	5
A point to ponder. (pruning in old days) (Perera, B.)	1999	4	1	4
Mechanical pruning. (De Alwis, M.)	1997	2	1	1
Root starch and recovery from pruning. (Anandacoomaraswamy, A.)	1997	2	1	2
Performance of clone TRI 2023 in the Uva. (Kathiravetpillai, A.)	1996	1	3	2
Resting of tea fields. (Kathiravetpillai, A.)	1996	1	2	4
Recycling of prunings. (Anandacoomaraswamy, A.)	1996	1	1	2
Rehabilitation				
Rehabilitation Vs. direct planting with salt - A case study. (Ganewatta, G.)	1998	3	1	3
Replanting				
Is this the tip of an iceberg. A cautionary note for Low-country tea growers. (Rajasinghe, J.C.K.)	1999	4	1	1
Rehabilitation Vs. direct planting with salt - A case study. (Ganewatta, Gaminda)	1998	3	1	3
Bag plants <i>vis-a-vis</i> bed plants - An economic overview. (Rajasinghe, J.)	1997	2	2	1
Shade				
Why ring bark shade trees? (Balasuriya, A.)	1997	2	2	2
Role of Dadaps. (Kathiravetpillai, A.)	1996	1	1	3
Soil				
Drip irrigation in tea lands. (Wijeratne, M.A.)	2000	5	1	2
Is this the tip of an iceberg. A cautionary note for Low-country tea growers. (Rajasinghe, J.C.K.)	1999	4	1	1
Preliminary observations on the use of refuse tea on tea lands. (Wijeratne, M.A.)	1999	4	1	4
Some thoughts on Glyphosate use. (Prematilake, K.G.)	1999	4	1	5
Earthworm casts: A natural fertilizer. (Rajapakse, R.M.S.S.)	1998	3	1	2
